VIKTOR HERMANN

EXPERT FLUTTER MOBILE & WEB DEVELOPER

SUMMARY

Results-driven and highly versatile Developer with **8 years of experience**, specializing in **Flutter mobile app development** while also offering **expert full-stack web development and AI integration**. Proven track record of architecting, building, and deploying **innovative, scalable digital solutions** for prominent clients like **Lufthansa, Togg, and Union Investment**. Adept at leading projects from concept through launch, optimizing performance, and translating complex requirements into **user-centric applications and websites**. Passionate about leveraging **cutting-edge technology** to deliver impactful results and drive business value. Seeking challenging roles where I can utilize my comprehensive mobile, web, and AI expertise.

WORK EXPERIENCE

Innovatio FZCO | Dubai Silicon Oasis

Jan 2024 - Present

Owner / Lead Developer

- Founded and lead** a tech consultancy focused on delivering bespoke Flutter mobile apps, dynamic web applications, and AI-powered solutions
- Spearheaded the development and launch of **'Spotz'** (AI lifestyle platform) and **'Hostiq'** (AI hospitality solution), encompassing both mobile (Flutter) and potentially web components.
- Engineered **scalable architectures** using Flutter, React/Next.js, Node.js, Firebase, and Cloud services
- Managed **end-to-end product lifecycle**: strategy, UI/UX design (mobile & web), development, backend integration, deployment, and AI feature implementation.

Lufthansa Industry Solutions | Remote

Apr 2023 - Dez 2023

Lead Flutter Developer

- Developed **advanced mobile applications** for Lufthansa Industry Solutions, enhancing customer experience & operations.
- Engineered a **scalable Flutter system** with seamless **backend integration & high performance**.
- Designed **user-centric UI/UX**, optimizing navigation & accessibility.
- Collaborated with cross-functional teams to implement **API integrations & real-time updates**.

Togg | Remote

Apr 2023 - Nov 2023

Lead Flutter Developer

- Spearheaded Flutter development** for the 'Trumore' Smart Device App for Togg **electric vehicles**.
- Architected and built a **high-performance, secure Flutter application** handling several simultaneous device connections.
- Integrated critical **real-time APIs for EV functions**, ensuring high reliability.

COVER LETTER

EXPERT FLUTTER MOBILE & WEB DEVELOPER

Dear Hiring Manager,

I believe standard phrases like “motivated” and “hardworking” are overused, so let’s skip the clichés and get straight to what truly matters—what sets me apart.

My philosophy in life is simple: **"You never lose. Either you win, or you learn."** This mindset drives my work as a **Flutter Specialist & AI-Driven App Developer**, allowing me to turn challenges into opportunities and consistently push the boundaries of innovation.

Over the years, I have designed and developed **high-performance, scalable mobile applications** for industry leaders such as **Lufthansa, Togg, Union Investment, and Lumeus**.

My expertise spans:

- ✓ **Flutter Development & App Architecture** - Building scalable, maintainable, and high-performance apps.
- ✓ **AI Integration & Smart Features** - Implementing AI-powered recommendations, automation, and predictive analytics.
- ✓ **Backend & Cloud Services** - Integrating Firebase, REST APIs, and cloud-based infrastructures.
- ✓ **Performance Optimization & Clean Code** - Ensuring seamless UX, high efficiency, and long-term maintainability.
- ✓ **End-to-End Development** - From UI/UX design to release management for Google Play & App Store.
- ✓ **And much more..**

I am not just a developer—I am a **problem solver, a strategist, and a doer**. I don’t waste time on endless discussions; instead, I roll up my sleeves and deliver results. My projects, such as **Spotz (AI-powered lifestyle & booking platform)** and **HostiQ (AI-driven hospitality solution)**, showcase my ability to shape the future of technology through intuitive, user-centric solutions.

If my profile has piqued your interest, I would love the opportunity to discuss how my skills can contribute to your team. Let's build something remarkable together.

Looking forward to your response.

Best regards,

Viktor Hermann
